

Has the heart always fascinated you?
Would you like to learn about new advances in cardiac technology & research?

Rady Children's Hospital San Diego & Cardiac Research Foundation present the
Advanced Medical Academy
Cardiology: The Heart of the Matter

Sunday, September 23, 2018

8:30am-4pm

What is the Advanced Medical Academy?

This 1-day program provides a unique opportunity for students to learn more about the field of cardiology through experiential learning. This Academy features a special full day at the 2018 Transcatheter Cardiovascular Therapeutics (TCT) Conference organized by the Cardiovascular Research Foundation (CRF).

What will you do?

Explore the world of cardiology during a variety of sessions including:

- **View live cardiac procedures** using the latest research and technology in cardiac care from locations around the globe via simulcast.
- **Hold a human heart and test new technology** in the field of interventional cardiology.
- **Listen to leading experts** as they share insights and accomplishments during the TCT Lifetime Achievement Award presentation.
- **Engage in a unique networking experience** through interactions with various faculty while attending the TCT Conference at the San Diego Convention Center.

Who should apply?

Students interested in a career in healthcare, in particular cardiology. Only RCHSD Medical Academy Alumni & FACES for the Future students (**incoming 12th grade students**) are eligible.

How much does it cost?

Processing & Enrollment Fee is \$50 and covers all program materials; t-shirt; and meals. Transportation to the San Diego Convention Center and Parking at the location are not included.

How can you participate?

1. Visit www.sdhealthscholars.org to learn more.
2. Applications become available on 7/27/18; are due no later than 8/20/18; email of acceptance will be sent by 8/31/18.
3. Email Aniela Glinski, Program Coordinator (aglinski@rchsd.org) to submit an application.
