

2020 Advanced Medical Academy-Program Summary

A Surgical Experience with Fresh Start: "Giving Hope, Transforming Lives"

Rady Children's Hospital's Advanced Medical Academy (AMA) programs provide advanced learning and growth opportunities for Medical Academy only, focusing on important and timely healthcare topics and related careers. These opportunities go beyond what students would have learned during either a weekend or summer program.

The 5th AMA program, A Surgical Experience with Fresh Start, took place March 6-8, 2020 with 10 enthusiastic students from throughout San Diego County. Students had the unique opportunity to be with a Fresh Start Surgical Gifts patient throughout their pre-op, surgery, post-op, and recovery processes. This included being in the operating room with a volunteer surgeon as they performed a variety of complex procedures for children and young adults from around the globe who suffer from physical deformities caused by birth defects, accidents, abuse or disease. AMA participant learning included:

- The mission and vision of Fresh Start Surgical Gifts
- The need for charitable organizations in healthcare
- Global Health concepts and ways to volunteer in healthcare
- The importance of Multidisciplinary Care Teams
- Pre-Operative procedures i.e. Personal Protective Equipment (PPE) and sterile environments in the Operating Room
- Education & Career Paths
- The role of Volunteer Student Ambassadors for Fresh Start

Student Profile & Feedback

100% of students reported that the program met or exceeded their expectations!

100% of students reported that they would recommend AMA to a friend interested in a healthcare career!

100% of students reported that attending this program reinforced and/or increased their interest in pursuing a career in healthcare!

"This program has made me realize how much I want to help people. Even though I am not a health professional, I can volunteer for Fresh Start and help make an impact to many kids lives."

"One of the best programs I have been involved in and cannot wait to carry on the Fresh Start values and volunteering opportunities."

"I loved getting to meet my patient, as well as getting to ask questions about various parts of the operation."

Would you like to make this experience available to students with a financial need?
