- **Shadow** a surgeon and other clinicians as they perform procedures for children and young adults who are suffering from physical deformities caused by birth defects, accidents, abuse or disease.
- **Interact** with a multidisciplinary team including Surgeons, Anesthesiologists, Nurse Practitioners, Nurses, Scrub Techs, and Translators.
- **Learn** from clinicians from a variety of healthcare facilities within San Diego.
- **Educate** others about Fresh Start by creating a plan to spread the word in the community.
